

Nishtha Sahani

nishthasahani7@gmail.com · github.com/nishtha-sys · linkedin.com/in/nishtha-sahani-2209aa236 · Lucknow, India

3rd-year CS (AI) student at BBDU Lucknow with hands-on experience building and deploying full-stack AI-powered applications. Solo built and shipped an end-to-end React + Flask tool at IBM's Bob Dev Day 2026 in under 48 hours. Targeting SWE / AI engineering internships.

TECHNICAL SKILLS

Languages	Python, JavaScript, HTML, CSS, SQL
Frontend	React.js, Recharts, Leaflet, Responsive Design
Backend / APIs	FastAPI, Flask, Node.js, REST APIs, Firebase
AI & ML	Prompt Engineering, Groq API (Llama 3.3 70B), NLP, Pandas, NumPy
Cloud & DevOps	Git, GitHub, Vercel, Render, Firebase, Oracle OCI, Streamlit Cloud
CS Fundamentals	DSA, OOPS,DBMS,CN,OS, Modular Architecture, System Design

PROJECTS

AI Code Explainer · [Live App](#) · [GitHub](#)

IBM Bob Dev Day Hackathon 2026 · Solo | React · Flask · Groq API (Llama 3.3 70B) · Prompt Engineering · Vercel · Render

Full-stack AI tool to explain, comment, summarize, optimize, and debug code across 12 languages — shipped solo in under 48 hours.

- Engineered 5 purpose-built AI modes (Explain, Comment, Summarize, Optimize, Debug) using structured prompt engineering on Llama 3.3 70B via Groq API
- Built a **custom language-aware chunking algorithm** using regex to split large files by function/class boundaries — handles real codebases, not just snippets
- Supports 12 languages (Python, JS, TS, Java, C++, Go, Rust, SQL, etc.) with auto-detection from file extension
- Flask REST API with structured JSON responses and graceful error handling; React frontend deployed on Vercel, backend on Render — both live.

CampusConnect — Smart Campus Utility Platform · [Live App](#) [GitHub](#)

Hackathon Project · BBD Auditorium, BBDU | React · Node.js · Firebase · AI/NLP

- Built multi-module platform unifying lost & found, notes sharing, and student collaboration — designed for real deployment
- Integrated AI-powered note summarization with fallback mechanism for uninterrupted UX
- Real-time Firebase sync with concurrent user handling; service-based backend with independently deployable modules.

EDUCATION

B.Tech – Computer Science Engineering (Artificial Intelligence)

Babu Banarasi Das University, Lucknow | 2023 – 2027 |

ACHIEVEMENTS & CERTIFICATIONS

Hackathons

- IBM Bob Dev Day Hackathon 2026** — Solo entry; shipped AI Code Explainer (React + Flask + Llama 3.3 70B) in under 48 hours, live on Vercel & Render
- INNVEDX Hackathon (1st Place)** — Babu Banarasi Das University via Unstoppable; built and deployed Vedic Financial Engine under time pressure

Certifications

- Oracle OCI AI Professional** — AI model deployment and cloud infrastructure on Oracle Cloud Infrastructure (in progress)
- Yuva AI for All** — TCS & NASSCOM Foundation; supervised/unsupervised learning, responsible AI practices

Currently Learning

- LangChain · Docker · System Design
